GENTRY COUNTY TEACHERS JOIN

TO AFFILIATE WITH NODAWAY COUNTY TEACHERS ASSOCIATION.

SESSION HELD HERE NOVEMBER 2, 3 AND 4

Association at Hopkins Holds First Session—Mutti and Stewart Re-Elected by Association.

The Gentry county teachers will join the joint teachers' association of Nodaway, Clinton, Atchison and Harrison counties in a meeting to be held in Maryville on November 2, 3 and 4. With these five counties meeting here from 800 to 1000 teachers will be in attendance.

County Superintendent of Schools Bert Cooper with the county superintendents of the other counties, are arranging the program. Several prominent educators have already been secured and others are expected to accept the invitation to come here.

Dr. Otis W. Caldwell, Dean of Natural Sciences of Chicago University, has been secured. Other educators that have accepted are: Superintendent of Schools Tobin, of Cook county, Ill., in which is located Chicago; Mrs. W. H. Jobe, national president of the Parent Teachers association; W. M. Oakerson, chief clerk in the office of the State Superintendent of Schools at Jefferson City; and Superintendent V. G. Mays of the St. Joseph public schools.

A great deal of interest is also being taken in the agricultural show which will be held at the same time as the teachers' meeting. Len Saunders of Whitesville has written County Superintendent Cooper that he will compete for the open prize of $100 in this show. Many other entries have also been sent in in addition to the boys and girls enrolled in the corn growing contest.

The agricultural association after the close of the show will auction off the seed corn in the show and R. P. Hosmer will be the auctioneer.

MAJOR WARNER IS DEAD

Former Missouri Senator Died at Home in Kansas City After Several Weeks' Illness.

Special to The Democrat-Forum.

Kansas City, Oct. 5.—Maj. William Warner, former United States senator from Missouri, died at his home here yesterday afternoon after a lingering illness.

Maj. Warner had been ill for several weeks, his last sickness being attributed by his friends to his activities in connection with the entertainment of the fiftieth annual reunion of the Grand Army of the Republic. When his condition became critical three weeks ago, a transfusion of blood from his son was resorted to in the hope of increasing his strength, but the improvement was only temporary. Death was ascribed by physicians to arterio sclerosis.

Surviving the former senator are his wife and two children, John B. Warner of Kansas City and Mrs. Jerome Wilber of Washington, who were at his bedside when the end came.

Maj. William Warner was one of the few Republicans who have represented the state of Missouri in the United States senate. He was born in Lafayette county, Wisconsin, June 11, 1839.

Guest of Mrs. McDougal.

Mrs. D. C. Lane of Kansas City arrived last night and will be the guest of Mrs. R. L. McDougal for a fortnight.

SENIORS PUT ON STUNT

Representatives of "Old Fashioned Country School "Causes Roars of Laughter From Audience.

The senior stunt in assembly this morning was fine. We were again given the special features of the old-fashioned country school. The student body was in an almost continuous roar of laughter from the time the Pedagogue Darnell began ringing the 9 o'clock bell for school to take up until the school kids marched out of school swinging hands as you and your wife did for the first time when you were in the country school.

Joe Lukens was the star performer, as dunce, all rigged out in the latest of dunce paraphernalia. Of course, he was a red-headed chap, with the usual silly grin, the nerve-racking cry, which ruled not only the audience but also the pedagogue, the sore foot all bandaged, which demanded that he be handled carefully and many playthings, including his bottle of milk. Taking things all in all, Joe seemed to be perfectly at home on the dunce stool.

"The School" sany many songs, including "The Old Oaken Bucket" (in pantomime) and "School Days."

The seniors will take a hike to the woods this evening for a wienie roast and picnic.

LOVERS ROTTEN EGGED

Bedford Boys Make Pilgrimage to Gravity, But Meet With Shower of "Tainted Hen Berries."

There is a custom in vogue of Hopkins boys going to Bedford to see the girls and of the Bedford boys coming to Hopkins to see our pretty damsels, but when the Bedford boys made a pilgrimage to Gravity last Sunday night to see some of the lassies of that town, they met with an experience not soon forgotten. The Gravity boys went on the warpath, according to the Independent, in a high-handed attempt to capture the scalps of some half dozen love sick youths from Bedford. It seems that the Bedford boys having succeeded in winning the favor of an equal number of Gravity girls between the ages of fifteen and sixteen, and that the Gravity boys became highly indignant at what they considered a rank violation of lovers' ethics and a case of exaggerated nerve. They proceeded to make things lively for the visitors, and a few tainted hen berries were said to have come in contact with the wearing apparel of these same Beau Brummells from the south. This is very naughty, boys, and will not win the affections of stolen hearts, as you will learn. While the matter has a funny side, it really is serious, as well as disgraceful. The causes that led to such performances amongst boys and girls of such tender ages should become a matter of study for parents; teachers and all good citizens. We are inclined towards the belief that young people are allowed too much freedom at an early age and get out from under the watchful care of father and mother entirely too soon. And return to some of the old Puritanic ways would, in our judgment, be an improvement over the present day freedom, and might result in much good.—Hopkins Journal.

PALMER COLLEGE PLAYS OPENING GAME AT NORMAL.

PICKENS CHOSEN CAPTAIN

Team Strengthened by Numerous Good Men and Fine Fight is Expected—Other Normal Stunts.

Palmer college of Albany will be here tomorrow for the opening game of the Normal schedule. The "Bear Cats" are showing up fine and a good game is expected. Verne Pickens, son of Mr. and Mrs. Geo. A. Pickens of Maryville, was elected captain by a unanimous vote of the squad, and it appears to all concerned that it was a wise choice. If "Grizzly" Pickens will not make a good leader for the "Bear Cats" then who would? He will be on top shooting signals as long as there is any top.

Among the other back field men, there is the long strided boy Hubbard, from Bosworth, where they turn out fast ones like Bob Simpson. "Hubby" is fast and the Palmer college bunch better stay in front of him if they expect to keep up.

"Agnes" Girard will be in the full back position, and if he keeps up his fighting reputation he won in basket ball last year, when it became contagious with the basket ball squad, then we expect every one in the grand stand to catch it.

"Andy" Andrews, the light granite stone wall, will be the other back field man, but not so far back as you might expect when it comes to getting in the fight. "Andy" has had some good experience and we expect much from him tomorrow. All you billy goat disciples come out and see some real ramming tomorrow.

The probable line-up tomorrow is the following: Brown; c; Nicholls, "Torchy" Sawyers and Henry Gannon, guards; Blagg and Byerrum, tackles; Scott Farmer and Hahn, ends; Pickens, quarter back; Hubbard and Andrews, half backs; Girard, full back.

2 BROTHERS BURNED ALIVE

One Man Killed in Fire Which Destroys Christian Brothers College at St. Louis.

Special to The Democrat-Forum.

St. Louis, Oct. 5.—Two aged bedridden brothers were burned to death, one man who jumped from the fifth floor was killed, and many boy students overcome by smoke when fire destroyed Christian Brothers college early this morning. The college is one of the oldest Catholic educational institutions in St. Louis.

Twenty firemen were buried under wall of college and six were taken out unconscious. The fire is still raging.

PARENT-TEACHER MEETING

800 to 1,000 Teachers Expected to Attend—Prominent Educators of Country to Speak.

The first meeting of the Parent-Teacher association for the school year, was held at the high school building Tuesday night, when Mrs. Albert Mutti and P. H. Stewart were re-elected by acclamation as president and secretary of the body.

Mrs. Mutti named Miss Perrin and Mrs. Luke Brown as program committee and Mrs. H. C. Clutter and W. L. Moorehead as a committee on publicity and membership.

The program was quite interesting as well as instructive. Mrs. Sayler led the discussion, "Shall we join the State Parent-Teacher association?" It seemed to be the opinion of a majority of those present, that we should not, but the matter will be discussed farther at the next meeting.

Misses Cleo Kime and Gertrude Brown gave a very pleasing vocal selection and Dr. Miller, Prof. Suenkes and P. H. Stewart spoke of the play ground equipment. The board set aside $75 for this purpose and teeter-boards, a merry-go-'round and swing have been installed. The slogan this year, is some sort of athletics for every pupil in the school, the object being to make them stronger in both mind and body.—Hopkins Journal.

Miss Montgomery Better.

Miss Ruth Montgomery, who was operated on at the Ensworth Hospital in St. Joseph, is improving rapidly, according to word received from St. Joseph by J. F. Montgomery.

POOL HALL DECISION

CITY COUNCIL MUST DECIDE ON ORDINANCE TOMORROW NIGHT.

YEO BROTHERS SIDE

Say That If Citizens Are Not Satisfied With Their Business They Will Move.

The proposed pool hall ordinance, which requires pool hall operators to have the signature of two-thirds of the property holders in the block in which they expect to operate will probably cause some little discussion at the regular city council meeting tomorrow night. Another matter for discussion will probably be the closing time for pool halls. As it is now these halls must close at 10 o'clock at night, except on Saturday. The intention of the anti-pool hall element is to have this closing hour changed to 9 o'clock.

The pool hall license of C. Sweitzer will come up at this meeting. The proposed ordinance will either be passed or not adopted before action is taken on Sweitzer's license. It is said that according to a former city ordinance pool hals must be located in the front of buildings, so that it will be in full view of the street. If such is the case Sweitzer will probably lose out in getting his license. The same would be true of the Linville hotel pool license.

The pool hall movement was started by merchants operating in the block in which Yeo Brothers intend to move their pool tables. These men are back of the proposed ordinance. Yeo Brothers' license does not expire until next spring. Consequently they can move their pool tables to this building, and will do so next Monday.

Yeo Brothers, in speaking of the matter today, said:

"Before signing a lease for the Graham building we talked to the owners of the stores located next door to our proposed new location. There was no objection then. The contract for the improvement of that building was let by the owner at an expense of about $2,000. The matter was taken up with the city council at their last meeting, and it was found that we had a right to move our pool tables to this location without a new license.

"We have been located in Maryville for seven years and we have always said that if the citizens were not satisfied with the place we were running we would go elsewhere. We have always tried to run a good clean hall, and if such a business is a detriment to business located thereby we will move out. At Plattsburg, where we ran a pool hall for three and a half years, we were located in the same block as the largest dry goods house and grocery store were."

Yeo Brothers have letters from business houses located in the block where they are now located stating that it had their business, and that they would as soon be located by them as any other business house. Yeo Brothers have always had a clean, respectable place, and have such a reputation here.

Yeo Brothers expect to move Monday to the Graham building. The back end of this building will be occupied by the Graham store as a storage room. In addition to the pool and billiard tables, Yeo Brothers also kept a cigar stand.

WRITE-UP IN PAPER

A. R. HILLS OF MARYVILLE WRITTEN UP BY MISSOURI RURALIST

CORN GROWING BUSINESS

And How 85 Boys Got Their Start—Gave Away Seed Corn to Boys.

This week's Missouri Ruralist contains an article written by A. A. Jeffrey about A. R. Hills, who moved to Maryville a few years ago from Guilford. The write-up is as follows:

Most men who are advanced in years wish they could be boys again. And there is a man in Nodaway county who does not stop with the wishing; he is making the wish come true. This man is A. R. Hills, and last summer he had 85 boys helping him be a boy again while he helped them grow and judge purebred corn. This summer he is following a similar plan.

It came to public notice in the spring of 1915 when the following advertisement appeared in the Maryville papers:

To Lend—Seed Corn.

I will be at the west door of the court house at Maryville, Saturday, April 24, at 2 p. m. to lend a load of seed corn, 20 ears to any person, boy or girl preferred, agreeing to carefully plant and cultivate the same during the following season; the same number of ears to be returned to the lender in the fall. To the one returning the best sample I will give in cash $10; second best, $7.50; third best, $5; fourth, fifth and sixth, $1 each. This is sufficient seed to plant 2 acres. Six varieties to choose from, all grown on upland, during the greatest drouth ever known in northwest Missouri. Your chance is good to win, only those getting seed compete. I wish some good corn to use in our exhibit at the state fair for Nodaway county. I also desire many ears to use as souvenirs at the Panama-Pacific exposition.—A. R. Hills.—Adv.

On the appointed day Mr. Hills appeared with a wagon load of selected seed ears. There were six varieties from which each applicant might choose: Boone County White, Reid's Yellow Dent, Bloody Butcher, Calico, True Blue and Speckled Trout. For several years Mr. Hills had grown and exhibited good seed corn; consequently the load which he brought to Maryville that day was "true to type," and each boy received, besides his 20-ear start, some practical hints on the characteristics of good corn.

All the boys who called on Mr. Hills also gained something in enthusiasm and self-respect as future farmers. They found a man whose big, boyish soul turned the most humdrum things of farming into worthy adventures. His trained team of blacks that he'd raised from colthood, the 12-year-old dog, Kaiser, the six kinds of corn, including the oddly colored "True Blue" and "Speckled Trout" originated and named by Mr. Hills himself, as well as the home-made display case containing sample ears, prize ribbons from many corn shows and several quaint Indian relics from the old farm down near Guilford, were all interwoven with the friendly, helpful traits of the man himself; and a boy who wouldn't respond to impressions of that kind would be a queer sort of a boy.

Eighty-five boys had taken samples of Mr. Hills' corn to their homes near Maryville, Clearmont, Burlington Junction, Quitman, Skidmore, Parnell, Barnard, Hopkins and Guilford and the country surrounding by the close of

the day. And on 85 cards Mr. Hills had written their names and addresses.

The boys were thoroughly in earnest. They were after those prizes and the others announced for a fall show at the State Normal at Maryville. This was shown by the fact that nearly all the boys chose white or yellow corn. They wanted the standard sorts with which they might compete for the biggest prizes at the state and county shows.

With the loan of the 20 ears of seed Mr. Hills did not cease to be interested in the boys and their work. He wrote letters to them and had the printer make 85 copies of each—in which were practical pointers on cultivation, seed selection and judging. He gave them interesting bits of information on the dozens of wonderful things connected with the growth of the corn plant, and commented cheerfully on the weather and ways to make the best of a wet season. Even if he had been inclined toward pessimism he had no chance to indulge in it, for he had all those boys helping him be a boy again, and he had to look at things through boyish eyes. He had no chance to bemoan the floods or winds—he was too busy drawing helpful lessons from each new turn of farm conditions.

Here is a brief sample of Mr. Hills' cheerful philosophy: "I thought we made $5 a day hoeing corn during the rainy season. Four acres of checked corn could be hoed as easily as one of drilled. The wet weather seemed to beat everything else in preventing damage by the corn ear worm." And "During the recent high wind in the vicinity of Maryville the checked corn seemed to stand up as well as the drilled."

At the State Normal corn show October 27 there was one long table completely filled with 10-ear samples of corn grown by Mr. Hills' boys. There were 55 of these samples. They were judged by the regular judges of the State Normal show and as soon as these men had finished their work Mr. Hills paid the prize money, $25.50, by checks to the winners. And besides that, the boys had the privilege of exhibiting other samples in the regular classes of the main show.

It was a busy, pleasant summer for Mr. Hills, in spite of wet weather and sickness. His trip to the world's fair with samples of his True Blue and Speckled Trout and souvenirs of the corn raised by his Nodaway county boys was a lot more of a lark than it would have been without these pleasant associations.

Old Kaiser—the old dog that had come with the Hills family from the farm at Guilford when they moved to the little place at the edge of Maryville—was almost inseparable from his master. He helped him get acquainted with the corn boys when they gave out the samples that day and stood up with him when Jim Carpenter came along and took their picture. And he always slept in the lean-to just outside his master's door. One morning last fall when Mr. Hills opened the door he found old Kaiser with his head pillowed on the doorstep. The shaggy muzzle that was thrust as close as possible to his master's room was still and cold, but it mutely expressed the affection that had made joyful his 12 years of faithful service.

There's more in life than the accumulation of dollars. A. R. Hills has found the better way.

ternoon. The Rev. E. H. Hutchison, pastor of the Christian church of Pickering, performed the ceremony.

The bride wore a traveling suit of blue serge and carried a bouquet of white roses. The bridegroom wore a suit of dark blue serge. The two brothers and one sister of the bride were the attendants.

Mr. Hamilton has a good position in St. Joseph with the street railway company.

Mrs. Hamilton, in her pleasing way, has won the respect and friendship of all those whom she has met. She stood well among the members of the Christian church which she attended.

Following the words which made them man and wife, Mr. and Mrs. Hamilton took the train for St. Joseph, where they will make their home at 1909 St. Joseph avenue.

The good work of their friend for a happy and successful life follows them.

A Nutting Party of Douglas School.

The teacher and pupils of the Douglas school spent a most enjoyable time Saturday on a nutting trip. They met at the school house about 10 o'clock and all proceeded to go to the woods. Dinner was taken by each pupil. After finding a desirable place to make a fire, long sticks were prepared on which the steak was broiled. This proved to be the most interesting and exciting part of the trip to the pupils, who had never experienced anything of the kind before.

They stood before the blazing fire with such happy, rosy faces as they patiently broiled their own meat until it was a most luscious brown and dripping with juice. Whereupon they scampered to the table for other good things that went with it. They all pronounced it the most delicious meat they had ever eaten, and naturally every one had an enormous appetite.

After partaking of such a sumptuous dinner, a little recreation was greatly needed. A nearby orchard was invaded and was left minus a number of big, rosy cheeked Jonathan apples. All participated in a few lively games and then were ready for gathering the nuts. The sacks were filled to their utmost capacity, after which a homesick feeling gradually crept over the entire bunch.

A number of pictures were taken of all the "stunts" by one of the invited guests.

Those in attendance outside of the pupils and teacher, Miss McGinness, were: Misses Thelma Fay Eaton of Tarkio, Blanche Erickson, May and Pearl McGinness of Wilcox.

It was generally agreed upon that the day was most pleasantly spent and all reluctantly departed wishing that they might go again next year.

ACT QUICKLY.

Delay Has Been Dangerous in Maryville.

Do the right thing at the right time. Act quickly in time of danger.

In time of kidney danger Doan's Kidney Pills are most effective.

Plenty of Maryville evidence of their worth.

Mrs. K. E. Ratcliffe, 816 N. Walnut St., Maryville, says: "Every morning I used to get up with the most terrible backaches. It seemed as though my back would break. My head ached a great deal and I was awfully dizzy, too. My kidneys acted so frequently that my rest was disturbed many times during the night. I saw Doan's Kidney Pills so highly recommended that I got some at Love & Gaugh's Drug Store. They proved highly successful and removed the trouble. It hasn't been necessary for me to use a kidney medicine now for over four years."

Price 50c, at all dealers. Don't simply ask for a kidney remedy — get Doan's Kidney Pills—the same that Mrs. Ratcliffe had. Foster-Milburn Co., Props., Buffalo, N. Y.
